

The Great Outdoors

Because you know what they say about all work and no play!

Polaris Snowmobiles

The 2006 Fusion sleds are the epitome of controlled aggression — power balanced with confidence and predictability. The 700 hits the sweet spot between big-bore grunt and 600cc hot-rod performance. More than pure, linear acceleration, the Fusion offers handling so dynamic that users can do more than drop the hammer — they can slam it down and stomp on it. For more details, circle 237 on the FastFax Form on page 33, or call Marsha Brooks, Incentive Concepts (www.incentiveconcepts.com), at 888-862-9283.

Racing Headset

Race fans won't miss any of the action at the track with the ProScan 100 Scanner and Headset combo pack. Includes ear buds, matching noise reducing headset, lanyard, belt clip, two AA batteries, and a ProScan professional-quality scanner that is built for track use, is programmable, and scans in the 450-470 MHz range used by the race teams. It brings another dimension to a day at the races. For more information, circle 236 on the FastFax Form on page 33, or call Marsha Brooks, Incentive Concepts (www.incentiveconcepts.com), at 888-862-9283.

Time For A Close-Up

Canon's 12x36 IS II binoculars features high-power, 12X magnification with Canon's exclusive Image Stabilizer technology. They produce excellent image quality thanks to genuine Canon optics and a Double Field Flattener Element. Whether your top salespeople are avid bird watchers or just like to watch the game up close, these binoculars are a great incentive. Circle 240 on the FastFax Form on page 33, or call the Canon Special Markets Group at 866-50-CANON.
